

# Aquilo - Human

tom:  
 Capotraste na 2ª casa  
 Intro: Am C G  
 Am C G

I know that it's been rough  
 It shows in your reflection  
 You've fallen out of touch  
 Got lost along the way  
 I know it's not enough  
 But these things they all get better  
 And even if it's tough

(This is us) you know it on the inside  
 (This is us) so you should show it on the outside  
 (This is us) dust the dust up off your shoulders  
 Feet on ground, you'll come round  
 And be human again  
 ( Am C G )

I know that it's been hard  
 But even when it's hurting  
 You're gonna have to start

To learn to recognise  
 That even in the dark  
 There's lines between the spaces  
 Hiding where you are  
 (This is us) you know it on the inside  
 (This is us) so you should show it on the outside  
 (This is us) dust the dust up off your shoulders  
 Feet on ground, you'll come round

( Am C G )  
 ( Am C G )

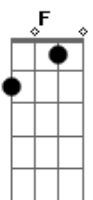

You know it on the inside  
 So you should show it on the outside  
 Dust the dust up off your shoulders  
 Feet on ground

(This is us) you know it on the inside  
 (This is us) so you should show it on the outside  
 (This is us) dust the dust up off your shoulders  
 Feet on ground  
 You'll be human again
