Am F C
 Stood at the cold face, stood with our backs to the sun
 Am F C
 I can't remember being nothing but fearless and young
 Am F C
 We've become echoes, but echoes that fade away
 Am F C
 We fall into the dark as we dive under the wave (I heard you say)

F
 Devil's on your shoulder
 Dm
 Strangers in your head
 G
 As if you don't remember
 Am
 As if you can't forget
 F
 It's only been a moment
 Dm
 It's only been a lifetime
 G
 But tonight you're a stranger
 Am
 Some silhouette

Am F C
 Let's go out in flames so everyone knows who we are
 Am F C
 Cuz these city walls never knew that we'd make it this far
 Am F C
 We've become echoes, but echoes are fading away
 Am F C
 So let's dance like two shadows burning out the glory day

F
 Devil's on your shoulder
 Dm
 Strangers in your head
 G
 As if you don't remember
 Am
 As if you can't forget

F
 It's only been a moment
 Dm
 It's only been a lifetime
 G
 But tonight you're a stranger
 Am
 Some silhouette
 F C
 And just hold me
 Dm Am
 And just hold me
 F C
 And just hold me
 Dm Am
 And just hold me

F
 Devil's on your shoulder
 Dm
 Strangers in your head

 As if you don't remember

 It's only been a lifetime
 G
 But tonight you're a stranger
 Am
 Some silhouette
