

# Aquilo - So Close To Magic

Tom: B

(com acordes na forma de A )  
Capostrate na 2ª casa

Wouldn't you like to know  
Just how I'm doing  
It's been so long  
This place feels just the same  
Old and forgotten  
This frozen sound

And the fire burns with great desire  
As the stories start to flow  
And we'll be drinking through memories and laughing with enemies  
We made back when we were so young

As I'm so close to magic  
So close to home  
Yeah, I'm so close to magic

So close to home

So won't you take the time  
Try to remember  
It's all in me  
It's not hard for me to see  
Just how forgotten  
These days can be

And the fire burns with great desire  
As the stories start to flow  
And we'll be drinking through memories and laughing with enemies  
We made back when we were so young

As I'm close to magic  
So close to home  
Yeah, I'm so close to magic  
So close to home
