

Aquino e a Orquestra Invisível - Stevie Wonder

tom:

Am

E

Lying on the floor

Am

Listening to Stevie Wonder

E Am

It was cold enough for me to freeze

E

I can hear your voice

Am

Inside my head all day

E Am

It keeps playing on repeat

E

We could swap our shoes

Am

And it would be the same

E Am

It doesn't change the game we play

E

Running round in circles

Am

To a funeral march

E Em

Take me back before the start

E

Are we really doing this again?

Am

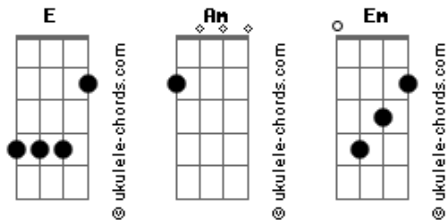

Show me something I don't understand

Em

Call my number from a public phone

E

Acordes

And leave me alone

E

Come by night and sleep beside my bed

Am

Ask me why that I have been so sad

Em

Look inside my black mechanic eyes

E

And put me aside

E

Deitado no chão ouvindo Stevie Wonder

E

Ondas de som soltas pelo ar

E

Ouço a sua voz em arquivo MP3

E

Que não para de tocar

E

Are we really doing this again?

Am

Show me something I don't understand

Em

Call my number from a public phone

E

And leave me alone

E

Come by night and sleep beside my bed

Am

Ask me why that I have been so sad

Em

Look inside my black mechanic eyes

E

And put me aside
