

# Arctic Monkeys - Too Much To Ask

Too much to ask  
por: Lucas Leal

Em B7  
 The smiles as she walked in the room  
Dm  
 Have all turned into frowns  
Am  
Am I too quick to assume  
Em B7  
 That the love is no longer in bloom  
Dm Am  
 The tantrums and the tears play a very different tune  
Em  
 to what they did before  
B7  
 Her heads red raw  
Dm Am  
 And the ending doesn't sound like the happiest around  
Em  
 When you sobbed before  
B7 Dm  
 It felt much more like the product of a squabble  
B7 Am  
 Now there's reason for it to be something more  
Am

And there would be  
G  
 Oh it's uncertain whether the curtain has  
G  
 Shut for good, she  
Am  
 Said "See if it's still raining, I'm not dressed for it and  
Am B7  
 If you loved me..." and I interrupted, received a scowl and  
 stare  
B7  
 But still decided to stop her there  
  
 Would it be outrageous to say  
 We're either shouting or we're shagging  
 Locked in tempestuous ways  
 At least that's how it felt yesterday  
 The eyes are getting heavier  
 And whether they are asleep or awake  
 Is a mystery  
 Would a kiss be too much to ask?  
 When you fit me like Sunday's frozen pitch fits the thermos  
 flask  
 It's a pity  
 It just hit me we can't go back  
 To the chest touching on the back

## Acordes
