

# Ariana Grande - ?Eternal Sunshine

tom:  
 I don't care what people say **D** **D7M**  
 We both know I couldn't change you  
 I guess you could say the same **A**  
 Can't rearrange truth  
 I've never seen someone lie like you do **D7M**  
 So much, even you start to think it's true, ooh **A**  
 Get me out of this loop  
 Yeah, yeah **D7M**  
 So now we play our separate scenes  
 Now, now she's in my bed, mm-mm, layin' on your chest **A**  
 Now I'm in my head, wonderin' how it ends **D7M**  
 I'll be the first to say: I'm sorry  
 Now you got me feelin' sorry **A**  
 I showed you all my demons, all my lies  
 Yet, you played me like Atari **D7M**  
 Now it's like I'm lookin' in the mirror  
 Hope you feel alright when you're in her **A**  
 I found a good boy and he's on my side  
 You're just my eternal sunshine, sunshine  
**D7M**  
 So I try to wipe my mind **A**  
 Just so I feel less insane  
 Rather feel painless **D7M**  
 I'd rather forget than know, know for sure **A**  
 What we could've fought through behind this door, mm-mm  
 So I close it and move, yeah, yeah  
**D7M**  
 So now we play our separate scenes  
 Now, now he's in your bed and layin' on my chest **A**  
 Now I'm in my head, i'm wonderin' how it ends, ends, ends  
**D7M**  
 I'll be the first to say: I'm sorry  
 Now you got me feelin' sorry **A**

I showed you all my demons, all my lies  
 Yet, you played me like Atari **D7M**  
 Now it's like I'm lookin' in the mirror  
 Hope you feel alright when you're in her **A**  
 I found a good boy and he's on my side  
 You're just my eternal sunshine, sunshine
