Right relationship?

   Aren't you really supposed
    Cm
To know that shit?
                            F
Feel it in your bones and own that shit?

I don't know
              Bb
Then I had this interaction
              D
I've been thinkin' 'bout for

Like five weeks
 G                     G7
Wonder if he's thinkin' 'bout it

Too and smiling
Cm
  Wonder if he knows that that's been

What's inspirin' me
F
  Wonder if he's judgin' me like
                Bb   D
I am right now

I don't care
                              Cm
I'd rather tell the truth (truth)
                               F
Than make it worse for you (you), mm

         Bb     D          G   G7
If the Sun refused to shine

Baby, would I still be your lover?
  F
Would you want me there?
         Bb         D       G   G7
If the Moon went dark tonight
              Cm
And if it all ended tomorrow
  F                                Bb
Would I be the one on your mind
         D          G
Your mind, your mind?
G7                Cm
     And if it all ended tomorrow
  F
Would you be the one on mine?
