Never been with a boy more than six months
 I couldn't do it, got too used to it
 Ain't nobody ever kept my attention
 They couldn't do it, yeah, boy, they blew it

But you showed me what it means to be happy ever after
 In love forever
 And you gave me the key to all your love and all your pleasure
 Boy I'm a treasure

C F C F
 Oh, be forever mine, you and I

 You know my mind
 You done seen boys come and go
 So you know what makes me cry
 So you just wanna treat me right

But you showed me what it means to be happy ever after
 In love forever
 And you gave me the key to all your love and all your pleasure
 Boy I'm a treasure
