

# Ariana Grande - My Hair

tom:

Intro: Am7 C7 F7M E7

Said I'ma give you some instructions

That you can't be scared to try

I want you to touch it softly

Like the way you do my mind

It got body and it's smooth to touch

The same way as my skin

But don't you be scared

To run your hands through my hair

Baby, 'cause that's why it's there

Come run your hands through my hair

Ooh, baby, so don't you be scared

So come run your hands through my hair

( Am7 C7 F7M E7 )

Just like these inches down my back

Usually don't let people touch it

But tonight, you get a pass

Spend my dimes and spend my time

To keep it real, sometimes it's tracks

But I don't care, mmm

So run your hands through my hair

Baby, 'cause that's why it's there

Come run your hands through my hair

Ooh, baby, so don't you be scared

So come run your hands through my hair

Know this ain't usually m?

But I might let it down for ya (Mmm)

This ain't usually me (Usually me)

But I might let it down for ya

To run your hands through my hair

Baby, 'cause that's why it's there

Come run your hands through my hair

Ooh, baby, so don't you be scared

So come run your hands through my hair

Oh-oh, oh-oh

Oh-oh, oh-oh
