

Ariana Grande - Outgrown (Unreleased)

tom:
Capostrate na 3ª casa
Intro: C Am

[Primeira Parte]

This ain't no competition
At least that's not how I see it
You know this ain't how it's supposed to feel
Not after what is it?
Nineteen years

[Pré-Refrão]

Well I hope you smile whenever you see me
Imma be lovin' you from afar
And when you cry or when you feel lonely
I hope your tears dry before they fall

[Refrão]

I'll be on your side watchin' you shine
The sun will rise
I know that shits your favorite
And after the rain
I'll be ok
I know that you'll still love me
Even though we outgrew it

(C F)

[Segunda Parte]

I think about the moments that we had when we didn't fight
And the times you'd never listen to a fuckin' thing I'd say
And remember all the secrets that you told me
Only
Well imma keep em here with me no matter what

Imma keep em safe with me

[Pré-Refrão]

And don't let anyone take advantage of your kindness
Or that precious heart
And don't forget that you bad as fuck
And you deserve the fuckin' best
Promise whatever you're lookin'

For I know you're gonna find
Just use your wings girl and fly
[Refrão]

I'll be on your side watchin' you shine
The sun will rise
I know that shits your favorite
And after the rain

I'll be ok
I know that you'll still love

Me even though we outgrew it
