

Ariana Grande - Touch It

Tom: Bb

(com acordes na forma de Capotraste na 3ª casa

G)

Em
How do I make the phone ring?
Why do I even care?
How are you all around me?
When you're not really there?
When you're not really there?

D
Em
How do I feel you on me
when you're not on my skin?
Why do you say you want me?
Then tell me "I'm not coming in"
Baby, just come on in

(D) Em
Cause every time I'm with you, I go into my zone
And I'll remember all the places you wanna go
Take me all the way, ooohh
Ain't nobody gonna touch it, touch it, touch it

(D) Em
Cause every time I see you I don't wanna behave
I'm tired of being patient so let's pick up the pace
Take me all the way, ooohh
Ain't nobody gonna touch it, touch it, touch it

Em
How do you know I'm breathing
when I'm holding my breath?
Why don't we face the danger
just for the night and forget?
Baby, let's just forget

D Em
Remind me why we're taking a break
It's obviously insane
Cause we both know what we want
So why don't we fall in love?

Baby let's fall in love
(D) Em
Cause every time I'm with you, I go into my zone
And I'll remember all the places you wanna go
Take me all the way, ooohh
Ain't nobody gonna touch it, touch it, touch it

(D) Em
Cause every time I see you I don't wanna behave
I'm tired of being patient so let's pick up the pace
Take me all the way, ooohh
Ain't nobody gonna touch it, touch it, touch it

D Em
Ain't nobody gonna touch it, touch it, touch it
Baby, ain't nobody gonna touch it, touch it, touch it
Baby, ain't nobody gonna touch it, touch it, touch it
Ain't nobody gonna touch it, touch it, touch it

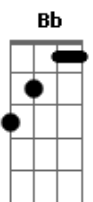

D Em
Remind me why we're taking a break
It's obviously insane
Cause we both know what we want
So why don't we fall in love?
Baby let's be in... love

(D) Em
Cause every time I'm with you, I go into my zone
And I'll remember all the places you wanna go
Take me all the way, ooohh
Ain't nobody gonna touch it, touch it, touch it

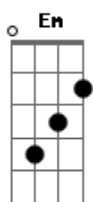

(D) Em
Cause every time I see you I don't wanna behave
I'm tired of being patient so let's pick up the pace
Take me all the way, ooohh
Ain't nobody gonna touch it, touch it, touch it

Em
Baby, ain't nobody gonna
Baby, ain't nobody gonna
Baby, ain't nobody gonna
