Ariana Grande - Winter Things

```
Verse 1:
                                                                Heyo, I wanna pretend we're at the North Pole
  It ain't even cold outside, not where I'm from
                                                                 Turning the heat into an ice cold holiday
                          Am
  Feeling like it's mid-July under the sun
                                                                 Made just for me and my baby
                                                                 C Em F Fm
My jacket don't get no love, no hats and no gloves
                                                                 Ooh, ooh
Not even a chance to rain
                                                                 My baby's in town and we're gonna do some winter things
                               Em
But my baby's in town and we're gonna do some winter things
                                                                 Hey
Chorus:
                                                                 Bridge:
                                                                              Em
Heyo, I wanna pretend we're at the North Pole
                                                                   Just imagine that we're laughing
Turning the heat into an ice cold holiday
                                                                   In the cabin, chilling by the fireside
                                                                                   Em
Made just for me and my baby
                                                                   Even though this sun is blasting
C Em F Fm
Ooh, ooh
                                                                   We can be wherever if we visualise
My baby's in town and we're gonna do some winter things
                                                                 Chorus:
Hey
                                                                        Em
                                                                 Heyo, I wanna pretend we're at the North Pole
Verse 2:
                                                                 Turning the heat into an ice cold holiday
                              Αm
  Take me to the ice-skating rink downtown
                                                                 Made just for me and my baby
(No, no, no, downtown)
                                                                 C Em F Fm
                                                                 Ooh, ooh
    Em
   Even though it's 100 degrees, gotta get out
                                                                                            Fm
                                                                 My baby's in town and we're gonna do some winter things
                             Em
Ain't no ice or no chills, no snowmen to build
