

# Ariel Mançanares - I've Grown Out Of You

tom:

Are you still going to the same bar?  
 The one we used to go when we first met  
 Are you still laughing at the same jokes?  
 And are you singing the same songs we used to sing?

Are you still stuck in that same old job  
 Are you on and off with her?  
 And you'll say that it's just a phase  
 But we both know how it works

[Refrão]

All that I see is a boy who's stuck in neverland  
 Aren't we too old for this?  
 I don't want to be the one who's stuck with peter pan  
 I've grown out of it

I've moved out and I have moved on  
 I've been around  
 I've seen so much you couldn't guess  
 You still hit me up when you're drunk (like what)  
 You words just serve as a reminder of the past

I won't fall for this no more  
 You're better off with her  
 I got so tired of the chase  
 That never seemed to work  
 It never seems to work

[Refrão]

All that I see is a boy who's stuck in neverland  
 Aren't we too old for this?  
 I don't want to be the one who's stuck with peter pan  
 I've grown out of it  
 Out of you

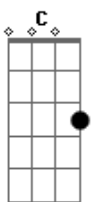

Still doing the same  
 Still acting the same  
 Still playing the game

I'm better off without this  
 Better off without you

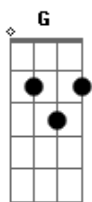

[Refrão]

All that I see is a boy who's stuck in neverland  
 Aren't we too old for this?  
 I don't want to be the one who's stuck with peter pan  
 I've grown out of it  
 Out of you
