

# Aron Wright - Build It Better

Tom: E

You could still see where the water was

In a line at the top of the chimney bricks

Sometimes, something so broken can never be fixed

So we saved a few things that were spared

And brought it to the ground

Cause you always build it better the second time around

ohooohohooohoh

ohooohohooohoh

I drove past the place where we use to live

Where you said you never wanted kids

Sometimes, something so broken can never be fixed

E B E  
I'm sleeping more and eating again

E B E  
I'm starting over like a factory town

Dbm A E  
And you always build it better the second time around

Gbm A E  
You always build it better the second time around

Gbm A Dbm A E  
(x4)

You always build it better the second time around

E  
You always build it better

E  
You always build it better

Gbm A E  
You always build it better the second time around

Gbm A E  
You always build it better the second time around

Gbm A E  
You always build it better the second time around

Gbm A E  
You always build it better the second time around
