Arrows To Athens - City Of Angels

Tom: D

```
      D
Sing me a symphony
                A
One for the lost out in between
Bm
City of fallen dreams
        Gbm     G
City of an  -  gels

Bm                                          G
There was a girl with a sky full of stars in her eyes
        Bm                                      G
She was chasing the world, that was so fast and left her
behind
Bm
She ran for days but the days became years
G
Hope went away as a smile turned to tears
              A
Now there's lines on the face
                          G
Of the girl with the stars in her eyes

D
Sing me a symphony
            A
One for the lost and in between
Bm
City of fallen dreams
        Gbm         G
City of angels
D
Sing back the melody
              A
Song for the hearts left in these dreams
Bm
A voice for the out of reach
          Gbm     G       D
The city of an  -  gels

Bm                                       G
There was a boy with the world in the palm of his hand
Bm                                           G
Bright like a star but he burnt everything that he had
Bm
Trading his life punching holes in his veins
G
Thrill of the high was a long fall from grace
```
```
                        A                                    G
But if you listen close you can still hear the boy in the man
D
Sing me a symphony
            A
One for the lost and in between
Bm
City of fallen dreams
        Gbm         G
City of angels
D
Sing back the melody
              A
Song for the hearts left in the streets
Bm
A voice for the out of reach
            Gbm     G
The city of an  -  gels
D       Gbm   G
Ooohhh
D       Gbm   G
Ooohhh

A
Lost but not forgotten
Bm
Voices for the broken
G
Can you hear them calling?
D
Sing me a symphony
            A
One for the lost and in between
Bm
City of fallen dreams
        Gbm         G
City of angels
D
Sing back the melody
              A
Song for the hearts left in these dreams
Bm
A voice for the out of reach
          Gbm     G
The city of an  -  gels
D       Gbm   G
Ooohhh...   (the city of angels)
D       Gbm   G
Ooohhh...   (the city of angels)
