

## **Art of Dying - Better**

```
Tom: C
Still feels like yesterday
     Am
There's so many things I should've let you know
So many things I need to say
I need to say
     There's no way out alive
I'm running out of time
You may never get this letter
But if somehow I survive and make it out alive
I'm gonna love you so much better
I know I let my selfishness get in the way
I should've given my time to you
Why do we push the ones we love the most away? F \frac{G}{G}
Why do I do the things I do?
Why do I do what I do?
```

```
There's no way out alive
 I'm running out of time % \left( 1\right) =\left( 1\right) \left( 1\right) \left
 You may never get this letter
   But if somehow I survive and make it out alive
 I'm gonna love you so much better C
 Love you so much better
                                                 You wake up everyday and do it all again
 One day it's the end
   Buried in the flames, never to be found
 My love, I let you down
                                                          There's no way out alive
 You may never get this letter
   But if somehow I survive and make it out alive
 I'm gonna love you so much better
G
Love you so much better
 Love you so much better
```
