Arthur Matos - Sky High

```
m (com acordes na forma de \ensuremath{\mathsf{Am}} )
Capostraste na 4º casa
You and I
Will say the secret words
To everyone in this ghost town
Am C
Let them know
That after all these messy years
Something new is going on
Where the stores are closed
And the streets are so much brighter
           F
D .
And the skyscraper D
Almost touches the stars
And on the skyline
Birds are flying away
Searching for a home
D F
Just like you
Me and you
```

```
We pray that we may always be
Lovers in this town
How many hearts
Waited for this day
Like nothing before
Where the stars are closer
To the streets so calm and quiet D F
And the sky's silhouette
Rests in this ghost town
But on the skyline
Birds are flying away
Searching for a home
Just like me
(F Am C D F)
But on the skyline
Birds are flying away
```

Searching for a home

Just like me
