

Aryy - Villain Arc

tom:

G

[Primeira Parte]

Bm

One thing I've learned

Is how to pick my fights

I've had enough of giving away

My energy

Don't have enemies

Gbm

Focus on myself

Bm

Think I don't know

You're talking shit right

Behind my back

Know everything you said

[Pré-Refrão]

G

No empathy

In front of me

Gbm

I see somebody else

[Refrão]

Bm

I could have a villain arc

Em

I could watch you break apart

G

Scatter all the pieces of your shattered heart

A

Watch you glue them back together

Bm

Know that I can play the part

Em

Don't even have to try so hard

G

But from where I stand you're so pathetic

A

It's not worth my time

Bm

Oh

Em

Oh

Gbm

Ooh

[Segunda Parte]

Bm

Maybe not now but I'm sure that

What goes around comes around

G

Gbm

Karma's a bitch and what's yours is coming

Bm

You know it all

You're always right, right?

This clout is clouding your sight

Acordes
