

Asaf Avidan - The Labyrinth Song

tom:
 Capostraste na 5ª casa
 Cm (forma dos acordes no tom de Gm)

Evening rises, darkness threatens to engulf us all
 But there's a moon above it's shining and I think I hear a call
 It's just a whisper through the trees, my ears can hardly make it out
 But I can hear it in my heart, vibrating strong as if she shouts

[Refrão]

Oh Ariadne, I am coming, I just need to work this maze inside my head
 I came here like you asked, I killed the beast, that part of me is dead
 Oh Ariadne, I just need to work this maze inside my head
 If only I'd have listened to you when you offered me that thread

(G Am)

Everything is quiet and I'm not exactly sure
 If it really was your voice I heard or maybe it's a door
 That's closing up some hero's back, on his track to be a man
 Can it be that all us heroes have a path but not a plan?

[Refrão]

Oh Ariadne, I'm coming, I just need to work this maze inside my mind
 I wish I had that string, it's so damn dark, I think I'm going blind
 Oh Ariadne, I just need to work this maze inside my mind
 For the life of me I don't remember what I came to find

(G Am)
 Dm
 Now tell me princess are you strolling through your sacred grove?
 C
 And is the moon still shining? You're the only thing I'm thinking of
 Dm
 The sword you gave me, it was heavy, I just had to lay it down
 C
 It's funny how defenseless I can feel here when there's nobody around

[Refrão]

 Oh Ariadne, I'm coming, I just need to work this maze inside my heart
 Am
 I was blind, I thought you'd bind me, but you offered me a chart
 G
 Oh Ariadne, I just need to work this maze inside my heart
 Am
 If I'd known that you could guide me, I'd have listened from the start

(G Am)

Dm
 Somewhere up there there midnight strikes, I think I hear the fall
 C
 Of little drops of water, magnified against the barren wall
 Dm
 It's more a feeling than a substance, but there's nobody around
 C
 And when I'm in here all alone, it's just enough to let me drown

[Refrão]

 Oh Ariadne, I was coming, but I failed you in this labyrinth of my past
