

Aselin Debison - Someone Is There

Tom: C

Someone is there
 Waiting for my song
 I am only looking
 For someone who sings along
 When all my dreams
 Finally reach yours
 We will apprise
 And maybe find the world true love
 Someone is there
 Sing a real song
 I am only looking
 for Someone who teaches me a song

When all this dreams
 Finally come true
 we will apprise
 and maybe find the world true love
 Someone is out there
 Turning with the world
 And I am only looking
 For someone who waiting for my love
 When this two worlds
 Finally find the same way
 we will apprise
 and maybe find the word true love
 certainly we will have found the world true love...
