

Asha Banks - Feel The Rush

Intro: ^{tom:} C Am G F

[Primeira Parte]

How did we get here?

We seem alright

I'm just tryna make sense of the madness

How do I tell you?

?Cause I'm so tongue-tied

Makin sure I make it worth it just this time

[Pré-Refrão]

Oh-oh if you hold me then who holds you?

Are we still a secret if I told you?

[Refrão]

When it's late nights

And you're lookin' at me

In the half light

We can make it simple

It's complicated, but I don't hate it

[Segunda Parte]

Wanna move forward

Instead of lookin' back

I'm just figuring out where my head's at

It's kinda confusin'

When I can't think straight

I'm just tryna make sure that it's worth the wait

[Pré-Refrão]

Oh-oh if you hold me then who holds you?

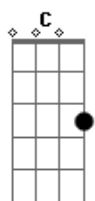

Are we still a secret if I told you?

[Refrão]

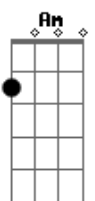

When it's late nights

And you're lookin' at me
