

# Ashe O'Hara - We Are Our Freedom

Tom: C  
Intro: Am F

Am  
All we do is  
Break each other  
No relying outward  
F  
For cover, God I  
I'm so tired  
Am  
Expose yourself  
To words so deadly  
Listen to the taunts  
F  
They throw thee oh why  
G  
What do I expect to find

Am  
I am the broken wall  
G  
Letting the light shine through  
I am the shred of hope  
Emancipating you  
F  
I am the mighty heart  
That will not break in two  
G  
I am your guardian  
Am G  
I am your saviour

Am  
Think for a moment  
Stop a second  
Get on the ground and  
F

Drop your weapons or die  
Just comply  
Am  
You shift the goalposts  
Break the rules and  
Expect the world to  
F  
Hand your jewels and a life  
Free of trials  
G  
It costs nothing to be kind

Am  
You are so pure of heart  
One, which will remain true  
G  
You are going to soar  
As thunderbolts ensue  
F  
You are the specimen  
That I aspire to  
G  
You are my champion  
Am G F G  
You are a leader  
Am  
We are the solution  
To the problem at hand  
G  
We are responsible  
And we must take a stand  
F  
We are willing to change  
If it means we can live  
G  
In perfect harmony  
Am G  
We are our freedom

## Acordes
