

Ashe O'Hara - We Are Our Freedom

```
Intro: Am F
 \mathsf{Am}
All we do is
Break each other
No relying outward
For cover, God I
I'm so tired
Expose yourself
To words so deadly
Listen to the taunts
They throw thee oh why
What do I expect to find
I am the broken wall
Letting the light shine through
I am the shred of hope
Emancipating you
I am the mighty heart
That will not break in two
I am your guardian
        Am
I am your saviour
Think for a moment
Stop a second
Get on the ground and
```
