

Asking Alexandria - Gone

Tom: F
Intro:

Every day I awake
I await my fate as the sky turns blue to grey
Now I understand it might be my last day
Might be my last -
Now I understand it might be my last day
Might be my last day

Chorus:
So what am I supposed to do now I've reached the end?
And if I gained another chance, would you still be there?
Please don't be lonely when I'm gone
I've been so sad for far too long
And as I gently slip away, this song will always stay

Please don't be lonely when I'm gone
I've been so sad for far too long
And as I gently slip away, this song will always stay

Verse 2:

Chorus:
So what am I supposed to do now I've reached the end?
And if I gained another chance, would you still be there?
Please don't be lonely when I'm gone
I've been so sad for far too long
And as I gently slip away, this song will always stay
Please don't be lonely when I'm gone
I've been so sad for far too long
And as I gently slip away, this song will always stay
