

# Asking Alexandria - Gone

Tom: F  
Intro:

Every day I awake  
I await my fate as the sky turns blue to grey  
Now I understand it might be my last day  
Might be my last -  
Now I understand it might be my last day  
Might be my last day

Chorus:  
So what am I supposed to do now I've reached the end?  
And if I gained another chance, would you still be there?  
Please don't be lonely when I'm gone  
I've been so sad for far too long  
And as I gently slip away, this song will always stay

Please don't be lonely when I'm gone  
I've been so sad for far too long  
And as I gently slip away, this song will always stay

Verse 2:

Chorus:  
So what am I supposed to do now I've reached the end?  
And if I gained another chance, would you still be there?  
Please don't be lonely when I'm gone  
I've been so sad for far too long  
And as I gently slip away, this song will always stay  
Please don't be lonely when I'm gone  
I've been so sad for far too long  
And as I gently slip away, this song will always stay
