

Atlas Genius - 63 Days

Tom: E

[Primeira Parte]

Now I'm packing to leave you for 63 days
 And you think I won't miss you in six million ways
 And the time of your life, spent wondering why
 I don't call when I promise to
 Ooh, in the doorway

[Refrão]

I told you I would race
 Home when you need me
 In for the long chase
 I'll make you believe

I told you I would race
 Home when you need me
 In for the long chase
 I'll make you believe

[Segunda Parte]

Now I know what you need 'cause our fears are the same
 If we shake down the pretense, it's all a parade
 'Cause I'm still by your side
 I'm still wondering why
 I don't call when I promise to
 Ooh, in the doorway

[Refrão]

E Dbm Abm

I told you I would race
 Home when you need me
 In for the long chase
 I'll make you believe

I told you I would race
 Home when you need me
 In for the long chase
 I'll make you believe

[Ponte]

With all the places that we go
 And all the faces that we show
 When you need me I'll be home

[Refrão]

I told you I would race
 Home when you need me
 In for the long chase
 I'll make you believe

I told you I would race
 Home when you need me
 In for the long chase
 I'll make you believe

I told you I would race
 Home when you need me
 I told you I would race
 Home when you need me
 I told you I would race
 Home when you need me
