Intro:

Verse:

You give a heart attack
 You look like the summertime
 You call me an artifact
 But I'll save that for another time
 I could be rich or poor
 I don't need anymore
 Keep your love inside the kitchen
 You can feed me anything
 Leave the feathers on the chicken
 Leave the leather from your skin
 I can be young or old
 Sweet or sad, hot or cold

Refrão:

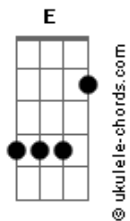

Man or animal, I don't care at all
 Find the antidote underneath the dose
 Man or animal, obidient-
 Out of control

Main Riff:

Verso x2

I will love you more than money
 I will breathe you in the smoke
 I will drink you in my honey
 Sweet and golden down my throat
 When you're right, when you're wrong
 Head is near, eyes are gone

Acordes

You can drown my appetite
 I will sip your tears at night
 You can tie me to a chair
 Skin and bones, I don't care
 I could be rich or poor
 I don't need anymore
