

# Audrey Mika - Red Gatorade

tom:

Intro: C F C F

[Primeira Parte]

Red Gatorade, close my eyes and guess the flavors  
I let you play all your games cuz you are a player  
I let you lay on my chest and talk about her  
But that don't change that my heart is beating louder

[Pré-Refrão]

Straight to my face and it don't feel right  
This could be a game but you waste my time  
Don't wanna be a shoulder listen while you cry  
'Cause I don't wanna know

[Refrão]

Don't wanna hear about where you were last night  
But you never even try to hide  
I like it better when you leave me blind  
Out of sight and out my mind  
I shouldn't let right when you said it  
Act like a fool cuz I couldn't get it (Yeah)  
Don't wanna hear about where you were last night  
Out of sight and out of mind  
Du du du du du du  
Out of sight and out of mind  
Du du du du du du  
Out of sight and out of mind  
( C )

[Segunda Parte]

And I don't even blame him cuz  
The truth is that I'm falling apart (Yeah, ooh)  
And every second I sit here, I listen,  
I'm breaking my own heart

[Pré-Refrão]

Straight to my face and it don't feel right  
This could be a game but you waste my time  
Don't wanna be a shoulder listen while you cry
