

# Aurora Aksnes - In The Night

Tom: C  
Intro: Am  
Am  
All alone she was living  
G  
In a world without an end or beginning  
Em  
Little girl was living life for the feeling  
C  
But I don't mind, I don't mind  
Am  
And all the wrongs she committed  
G  
She was numb and she was so co-dependent  
Em  
She was young and all she had was the city  
C  
But I don't mind, I don't mind  
G C  
I know that she's capable of anything, it's riveting  
G C  
But when you wake up she's always gone, gone, gone  
Am  
In the night she hears him calling  
G Em  
In the night she's dancing to relieve the pain  
C Am  
She'll never walk away (I don't think you'll understand)  
In the night when she comes crawling  
G Em  
Dollar bills and tears keep falling down her face  
C Am  
She'll never walk away (I don't think you'll understand)  
Am  
He sang a song when he did it  
G  
He was cold and he was so unforgiving  
Em  
Now she dances to the song on the minute  
C  
All the time, all the time

Am  
It made her weak when she hear it  
G  
And it got her on her knees like religion  
Em  
She was young and she was forced to be a woman  
C  
All the time, all the time  
G C  
I know that she's capable of anything, it's riveting  
G C  
But when you wake up she's always gone, gone, gone  
Am  
In the night she hears him calling  
G Em  
In the night she's dancing to relieve the pain  
C Am  
She'll never walk away (I don't think you'll understand)  
In the night when she comes crawling  
G Em  
Dollar bills and tears keep falling down her face  
Em Am  
She'll never walk away (I don't think you'll understand)  
G  
I don't think you'll understand  
Em  
I don't think you'll understand  
C  
I don't think you'll understand  
Am  
In the night she hears him calling  
G Em  
In the night she's dancing to relieve the pain  
C Am  
She'll never walk away (I don't think you'll understand)  
In the night when she comes crawling  
G Em  
Dollar bills and tears keep falling down her face  
C  
She'll never walk away  
Am  
I don't think you'll understand
