

Aurora - Animal

Tom: Bb

(forma dos acordes no tom de G)
Capostrate na 3ª casa

You are the victim
The victim of my love
I dangle up on rooftops
Before I push you off
I stand at the headlights
Looking for a corner where I can't be found
With a goddess in my right eye
Watching every lover on the battleground

[Pre-Chorus]
You're hunting for love, killing for pleasure
Lost in a concrete jungle
If I am alone, make me a stranger
Lost in a concrete jungle (he-lay)

I'm an animal, animal
Hunting for an animal, animal
Hunting for love, killing for pleasure
Lost in a concrete jungle (he-lay)

Isolation makes me hungry
Will you stay here 'til I sleep?
You'll return home in the morning
But you never really leave

I keep the memories alive
The weight upon my shoulders felt so divine
With a goddess in my right eye
Watching every step I take before I die

[Pre-Chorus]
You're hunting for love, killing for pleasure
Lost in a concrete jungle
If I am alone, make me a stranger
Lost in a concrete jungle (he-lay)
I'm an animal, animal
Hunting for an animal, animal
Hunting for love, killing for pleasure
Lost in a concrete jungle (he-lay)
Let me become an animal
Let me become an animal
'Cause when you are an animal
You lose control

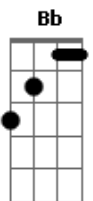

You're hunting for love, killing for pleasure
Lost in a concrete jungle
If I am alone, make me a stranger
Lost in a concrete jungle (he-lay)

I'm an animal, animal
Hunting for an animal, animal
Hunting for an animal, animal
Hunting for an animal, animal

Hunting for love, killing for pleasure
Lost in a concrete jungle (he-lay)

I'm an animal, animal
Hunting for an animal, animal
I've become an animal, animal
Hunting for an animal, animal
OH, OH!
