

# Aurora - Cure For Me

tom:  
 Em  
 I run from the liars, the fuel on the fire  
 C D  
 I know I created myself  
 Em  
 I know I can't fight  
 G  
 The sad days and bad nights  
 C D  
 But I never asked for your help  
 Em G  
 You got hurt, no, we don't belong  
 C D  
 Together, so you took the love  
 Em G  
 From my arms into the  
 C  
 Arms of yours

D Em G  
 But I don't need a cure for me  
 C  
 I don't need it  
 D Em G  
 No, I don't need a cure for me  
 C  
 I don't need it  
 D Em G  
 No, I don't need a cure for me  
 ( C D )

Em  
 I don't like the tension  
 G  
 The misapprehensions  
 C D  
 About our nature in love

Em  
 The glorious teachers  
 G  
 Are no use for creatures  
 C D  
 Who knows how to play with the gods

Em  
 You've got the nerves  
 G  
 But they never show  
 C  
 Unless they hurt  
 D Em  
 So you blamed it all on my love  
 G C  
 The moving heart I've got
