

Aurora - In Boxes

Tom: Bb

(forma dos acordes no tom de G)
Capostrate na 3ª casa

Calling out for the lonely, I am going home

I've been doing awful things again

I hear them laughing in my head

I went out in the morning looking for a man

I could see you were the perfect one

Standing all alone

I've been walking ahead for a while

And dragging your body behind

Bye baby, I had a good time

Bye baby, I know you won't mind

Got them all collected in these boxes

Underneath my bed, my bed

Here I am still lonely with the souvenirs

I would kill for some company

Temporarily

I did once have a lover only kept his hands

They can dance and play the songs for me

Play until I sleep

I've been walking ahead for a while

And dragging your body behind

Bye baby, I had a good time

Bye baby, I know you won't mind

Got them all collected in these boxes

Underneath my bed, my bed
