

Aurora - In Boxes

Tom: Bb

(forma dos acordes no tom de G)
Capostrate na 3ª casa

Calling out for the lonely, I am going home
I've been doing awful things again
I hear them laughing in my head
I went out in the morning looking for a man
I could see you were the perfect one
Standing all alone
I've been walking ahead for a while
And dragging your body behind
Bye baby, I had a good time
Bye baby, I know you won't mind
Got them all collected in these boxes

Underneath my bed, my bed

Here I am still lonely with the souvenirs
I would kill for some company
Temporarily
I did once have a lover only kept his hands
They can dance and play the songs for me
Play until I sleep
I've been walking ahead for a while
And dragging your body behind
Bye baby, I had a good time
Bye baby, I know you won't mind
Got them all collected in these boxes
Underneath my bed, my bed
