

Aurora - When I'm Gone

Tom: **E**

Before I leave **E**

Just let me see that

Everyone knows I'm gone

And in between

The broken trees

I will believe I am found

And I go home again, it's time **A**

And I go home again, it's time **B**

To go home again, it's time **A**

To go home again **B**

I'm going home again

E I know I can, that's why I do it **A**

And who I am, I feel it fading

Dbm
It's getting colder, getting colder

Gbm Counting to ten again and again **A**

E Tell my family and friends it is okay when I'm gone

And from the clouds so far away

I will be safe looking down

And I go home again, it's time **A**

And I go home again, it's time **B**

To go home again, it's time **A**

To go home again **B**

I'm going home again

E I know I can, that's why I do it **A**

And who I am, I feel it fading

Dbm
It's getting colder, getting colder

Gbm Counting to ten again and again **A**
