

# Aurora - When I'm Gone

Tom: E

Before I leave  
 Just let me see that  
 Everyone knows I'm gone  
 And in between  
 The broken trees  
 I will believe I am found

And I go home again, it's time  
 And I go home again, it's time  
 To go home again, it's time  
 To go home again  
 I'm going home again

I know I can, that's why I do it  
 And who I am, I feel it fading

It's getting colder, getting colder  
 Counting to ten again and again  
 Tell my family and friends it is okay when I'm gone  
 And from the clouds so far away  
 I will be safe looking down

And I go home again, it's time  
 And I go home again, it's time  
 To go home again, it's time  
 To go home again  
 I'm going home again

I know I can, that's why I do it  
 And who I am, I feel it fading

It's getting colder, getting colder  
 Counting to ten again and again
