tom:

G

Droppin' the beat

B
She's a DJ at the boardwalk

Gb
Smile and a tan

B
And her sandals in her hand

Gb
Rockin' the shades

B
You could almost see their eyes lock

F
What could be better

B
Than a party in the weather

Gb
With the both of us together

B
In the backdrop?

Gb
Everything was right

B
And the day turned into night

Gb
With the music and the lights

B
That's when we stop

Gb Eb Db

Gb Eb Db

Db F
Comin' down to see your show

(Oh, oh, oh)

Play it back, play it back

One time, yeah

Heard it on the radio

Gb B (RYTHM PONTE = Gb B)
Listen to the story

'Bout the party, 'bout the glory

'Bout the summer that would raise the bar

Anyone would tell you

It was chill, it was stellar

The best time we've had so far

Everyone together

Always goin' "Never better"

And the good times go on, and on, and on

Never will forget it

Doesn't matter where we're headed

I'll remember when I hear our song

What?!

Gb Eb Db

Gb
Shorts and a jet ski

B
All the other summer things

Gb B

Kickin' it in the sun all day

Gb B
We only got time for each other

Gb B
And we only got time for the summer

Gb
Everybody knows

B
If you gotta let it go

Gb
Taking the chance

B
Makin' it go your way
