

Austin e Ally - Me And You

Tom: E

Me and you
 Never known anyone like you before
 Someone who could make me smile
 When i'm falling down on the floor
 Never laughed so hard 'till i met you
 Somehow you get me when nobody else has a clue

It's okay to be me next to you
 It feels good to be one of the two, just like glue

Me and you
 so glad i got a guy like you

Me and you
 always got each other's back we do
 'cause everything's a little better
 When you and i stick together
 Stuck on you, me and you

If you need a shoulder, you got mine
 If you're ever in a pinch, you know
 I'd give you my very last dime
 Two peas in a pod, me and you
 In perfect harmony we're bobbin'
 Our heads to the groove

It's okay to be me next to you
 It feels good to be one of the two, just like glue

Me and you
 so glad i got a guy like you

Me and you
 always got each other's back we do
 'cause everything's a little better
 When you and i stick together
 Stuck on you, me and you

You always got a friend, always got a friend
 Always got a friend in me
 Always got a friend, always got a friend
 Always got a friend in you too
 You always got a friend, always got a friend
 Always got a friend in me
 Always got a friend, always got a friend
 That's the way it's gonna be

Me and you
 so glad i got a guy like you

Me and you
 always got each other's back we do
 'cause everything's a little better
 When you and i stick together
 Stuck on you, me and you

Always got a friend, always got a friend (oh yeah)
 Always got a friend in me (me and you)
 Always got a friend, always got a friend
 Always got a friend in you too

'cause everything's a little better
 When you and i stick together
 Stuck on you, me and you
