

Austin e Ally - Me And You

```
Dbm
Me and you
Never known anyone like you before
Someone who could make me smile
When i'm falling down on the floor
Never laughed so hard 'till i met you
Somehow you get me when nobody else has a clue
It's okay to be me next to you
              В
It feels good to be one of the two, just like glue
Me and you
    Dbm
    so glad i got a guy like you
Me and you
      Dbm
 always got each other's back we do
'cause everything's a little better
  Α
When you and i stick together
E B Dbm A B Stuck on you, me and you
If you need a shoulder, you got mine
If you're ever in a pinch, you know
I'd give you my very last dime
         B
Two peas in a pod, me and you
In perfect harmony we're bobbin'
 В
Our heads to the groove
It's okay to be me next to you

It feels good to be one of the two, just like glue
Me and you
