

## Austin Mahone - 11:11

```
Cause 4 3 2 1 I don't wanna be singing alone
                                              G )
 (com acordes na forma de
Capostraste na 2^{\underline{a}} casa
                                                                 You are the perfect melody but now my harmonys feelin outta
Intro: Em
Its 11:11 make a wish make a wish and say
                                                                 And I just wanna feel your love again
          D
Its 11:11 make a wish make a wish and say
                                                                 (I wanna feel love)
Its 11:11 make a wish make a wish and say
                                                                 Why don't you say that we're more than friends
I hope you come true
                                                                 Chorus:
Verse 1:
                                                                 Because I know when she's on my mind
Yeah, 1 2 3 4 soon as you walk through the door
                                                                 She's got me all worked up inside
Counting 5 6 7 8 9 one million thoughts quick hit my mind
                                                                 And I know it's going down tonight
(have you been running)
                                                                 Because she's moving and its feelin right
Where have you been lately
                                                                 Girl you got me feelin right
          D
Ohh, you know it drives me crazy
                                                                 And I know that you've been hatin me
You know I miss your kiss
           D
                                                                 Let the things I say be history
Hate to let you see me like this
                                                                               D
                                                                 You can move like that, I can move like this
Chorus:
                                                                 Girl you know its time to make a wish
Because I know when she's on \ensuremath{\mathsf{my}} \ensuremath{\mathsf{mind}}
                                                                 Make a wish girl
             D
She's got me all worked up inside
And I know it's going down tonight
                                                                 Its 11:11 make a wish make a wish and say
Because she's moving and its feelin right
                                                                 Its 11:11 make a wish make a wish and say
Girl you got me feelin right
                                                                 Its 11:11 make a wish make a wish and say
                                                                            D
             D
And I know that you've been hatin me
                                                                 I hope you come true (2x)
                                                                 Bridge:
Let the things I say be history
You can move like that, I can move like this
                                                                 Because your everything I'm looking for
       С
Girl you know its time to make a wish
                                                                 I know cause I'm not looking anymore
Make a wish girl
                                                                 And I'm so lucky with the love I found
                                                                 Make a wish so tomorrow comes around
Its 11:11 make a wish make a wish and say
Its 11:11 make a wish make a wish and say
                                                                 Its 11:11 make a wish make a wish and say
Its 11:11 make a wish make a wish and say
                                                                 Its 11:11 make a wish make a wish and say
            D
I hope you come true (2x)
                                                                 Its 11:11 make a wish make a wish and say
                                                                 I hope you come true (3x)
Yeah 8 7 6 to the 5 I'll be singing your song and I'll sing it Em
                                                                 And I'm so lucky with the love I found, love I found, lolove I
all night
```
