

## **Austin Mahone - Shawty Shawty**

```
Tom: A
   ( A, E , F#m, D )
Aye, shawty shawty, don't you wanna be mine?
We can cruise the world
 I need you by my side
        Gbm
 We can dance all night
And party like yeah
Wake up in the morning
Do it do it again
Aye, shawty shawty, don't you wanna be mine?
 We can cruise the city
 If you're ready to ride
 We can live for the moment
We yellin out, yeah
Wake up in the morning
 Do it do it again
You looking like a star tonight
They all know who you are tonight
Whatcha doin later on?
 I don't mean tonight
 I'm talking about your life, yeah
```

## **Acordes**

```
Aye, girl you looking like a star tonight
 Won't you jump up in my car tonight?
 We can do it all
 Is this your favorite song?
           D
 Oh, yeah yeah yeah
Already, I love you already
 We gotta do it
 We gotta do it all
Dressed already standing by the door
See you smiling
 And we're ready to go
( Repete os 2 primeiros versos)
You got us feeling like a stars light
 So open up your heart tonight
 And we can do it most
 Starting with a toast
 Lets raise 'em up to us
 Aye, girl I wanna turn it up tonight
 So we can do whatever you like
 I got the radio on
 I say is this your favorite song?
 She said yeah yeah yeah
( Repete o verso que começa em Already )
( Repete os 2 primeiros versos)
```
