tom:

Intro: C Am C Am

C
Stuck in the prosthetic new wave

As we carry along
G
Daft and choking on words
Am
Poking head in harms way
F
Maybe some day I'll learn
C
As we carry along
G
Broken records and promises
Am
That get in the way
F
Have me hoping someday
C
I'll get it right

Distracting lies that cry restraint
Am
Hang tight another second

Is your heart still beating?

Focused on retraction
Am
Idle hands are washed up waiting for you
No second thought about it
C
Remembering all that you taught me

Acordes
