

# Avenged Sevenfold - Tonight The World Dies

Tom: G

C Em  
Lost the meaning of our stay  
C Em  
Learn to live another day  
C Em  
Doubt the choices that we've made  
Am  
I know that we can't hide our shame  
G  
It's only in disguise

(Intro 2x)

C Em  
Drowning in a room to breathe  
C Em  
Full of thoughts as though we're free  
C Em  
Close our eyes so we can see  
Am  
The depth of all we mean to be  
G  
If only in my eyes

Em C  
I don't mind (read the writing on the wall)  
Em C  
Mother cries (tortured voices as we crawl)  
Am  
Find me on my better days  
C Em  
To lose it once again, in a way

(Intro 2x)

C Em  
So try and love me while you can  
C Em  
And take the time to understand  
C Em

As long as I can touch your face  
Am  
You know I'll never leave this place  
G  
If only in my mind  
Em C  
I don't mind (read the writing on the wall)  
Em C  
Mother cries (tortured voices as we crawl)  
Am  
Find me on my better days  
C  
To lose it once again, in a way  
Am C  
But I seem to find better ways to consciously pretend

E B2  
Silence, all I want to say  
C  
With tendencies to run away  
D  
I'll run away with you tonight  
E B2  
Launder all my sins away  
C  
And just like that mistakes are made  
D  
You know, tonight the world...

Em C  
... dies, I don't mind (read the writing on the wall)  
Em C  
Mother cries (tortured voices as we crawl)  
Am  
Find me on my better days  
C  
To lose it once again in a way  
Am C Em  
But I seem to find better ways to consciously pretend

(Intro 4x)
