

# Avicii - The Nights

tom:

Dbm

Once upon a younger year

When all our shadows disappeared

The animals inside came out to play

Went face to face with all our fears

Learned our lessons through the tears

Made memories we knew would never fade

One day my father, he told me

"Son, don't let it slip away"

He took me in his arms, I heard him say

"When you get older

Your wild heart will live for younger days

Think of me if ever you're afraid

He said, "One day you'll leave this world behind

So live a life you will remember."

My father told me when I was just a child

These are the nights that never die

My father told me
