

# Avril Lavigne - Flames (feat. Mod Sun)

tom:  
 Capostraste na 1ª casa (forma dos acordes no tom de C)

I still burn for you  
 Like the sunburns in the sky  
 I still burn for you  
 I still burn for you  
 My whole life I've been on fire  
 I still burn for you

Up in flames  
 Up in flames  
 Light a match  
 And put in to my name  
 Up in flames  
 I still burn for you

Everytime I think  
 I have enough for this  
 I get more addicted  
 Yeah I'm so obsessed  
 Talk about you all the  
 Time I'm your narcissist  
 If we burn it down  
 You'll be my arsonist

I still burn for you  
 Like the sunburns in the sky  
 I still burn for you  
 I still burn for you  
 My whole life I've been on fire  
 I still burn for you

I'm so strung out on  
 You on my relapse

(On my relapse)

I'm dying for attest Please  
 God don't let this last

(Please God don't let this last.)

And you can burn the all of  
 The leaves on palm trees  
 If not it's nothing  
 More than ashes  
 Fall into the ground  
 Like snowflakes  
 I almost wish  
 You never happened

I still burn for you  
 Like the sunburns in the sky  
 I still burn for you  
 Burn for you  
 I still burn for you  
 My whole life I've been on fire  
 I still burn for you  
 Burn for you

Up in flames  
 Up in flames  
 Light a match  
 And put in to my name  
 Up in flames

I still burn for you  
 Up in flames  
 Up in flames  
 Light a match  
 And put in to my name  
 Up in flames  
 I still burn for you

Up in flames  
 Up in flames  
 Light a match  
 And put in to my name  
 Up in flames  
 I still burn for you
