

# Avril Lavigne - Headset

Tom: A  
Intro: D --- E  
A - E - D - E (x2) A - E - D - E - D --

Verse 1:

See I got a little bit of a problem  
back where I come from,  
feels like five people in my population  
and no one ever leaves there  
I'm gonna be the first one  
coz my papa always told me they way it was,  
and my mama think she knows me, I know she doesn't  
(ah ah ah)

Chorus:

But I got my headset on California  
I'll fly away tomorrow, won't even warn ya  
and I'll send a big postcard, just to piss you off  
I got my head set on California here I come

Verse 2:

See, I got what you would call an obsession  
it feels like I think sane  
the limits of a small town

frustrating my brain,  
might leave some roots there,

but my head's on the next plane  
coz my daddy always told me they way it was,  
and my mama think she knows me, I know she doesn't  
(ah ah ah)

(Repeat Chorus)

Here I come

Interlude: A - E - D - E (x2) A - E - D - E -

Bridge:

Papa always told me they way it was,  
and my mama think she knows me, I know she doesn't  
(ah ah ah)

Chorus 2:

But I got my head set on New York City  
I'll fly away tomorrow, won't even miss me  
E (x2)  
and I'll get a big boyfriend, just to piss you off

(Repeat Chorus)

Here I come, here I come
