

Avril Lavigne - Touch the sky

Tom: D

I used to carry this big old world
 On my shoulders and back
 I used to lie inside my room
 Wondering where I'm at

I felt a chill running through my veins
 And wondered, would I be saved?
 I felt the ice building in my soul
 Would it melt away?

Chorus

He's a warm breeze
 Breathing life into me
 He's the sunlight
 Shining down on me

I used to worry my life away

Counting every dime
 Shutting out the ones I loved
 Never finding the time

And then one day I was overcome
 By loneliness and despair
 And deep inside I thought I heard
 "Lean on me, I'm here"

Chorus

I pulled the burden from off my back
 And tossed it into the wind
 And stretched my arms toward the sky
 And let my life begin

And like a tree, I have measured up
 Best when I've been cut down
 And like a tree, I can touch the sky
 With my feet on the ground

Chorus

He's a warm breeze
 Breathing life into me
 He's the sunlight
 Shining down on me, yeah
 Shining down on me
 Shining down, shining down
 Shining down on me
