

B. J. Thomas - Most Of All

Tom: G

Hello darling my it's good to hear you
 I'm at the railroad station in St. Paul
 How are all the folks I'd love to see 'em
 But girl I'd love to see you most of all

 Well I've been staring at the rain and I've been thinking
 Ever since the train left Montreal
 Thought I'd always love this life I'm living
 But now I know I love you most of all

 Em D7

Many times before I know I swore
 That I'd come home to stay
 But it always seems that the foolish dreams
 And trains got in my way

 Tomorrow there will be snow in Minnesota
 But I won't be around to watch it fall
 I'll be heading for that old familiar station
 Just hoping you still love me most of all

 Girl you know I love you most of all
 I miss ya baby most of all
