Sitting by the window  
all day thining of you  
Watching the days go by, I started to cry  
But they weren't tears of sadness  
they only meant I love you  
And I wanna tell you girl that I, oh, I

Chorus:  
I'll travel 'round the seven seas for you  
It's written in the melody I adore you  
I wrote my love a symphony  
To show you there's nothing I won't do  
Baby I'll walk around the China Wall  
for you  
If there's a way I'll do it all for you  
Anything you want me to, you know  
I would do

People think I'm crazy, they say  
I'm just a nothing  
Letting my life pass me by  
believing you're with me  
Well I can't speak for no one  
but in my heart I know you love me  
And that's why I'll always tell you I  
oh I, oh I, oh I

Chorus  
Do do do do do do  
Do do do do do do do do do  
Do do do do do do  
Chorus
