

# Babyface - Day That You Gave Me a Son

Tom: D

Twas late december the news came  
 And i got so excited, i cried all day  
 And you were such a lovely, precious sight  
 When i saw our baby in your eyes  
  
 It was like falling deep in love  
 I heard the angels cry above  
 I felt a blessing straight from god  
 The day that you gave me a son  
  
 I called 'bout everyone i knew  
 Just think, i'll be a father 'cause of you

There's no greater love than what you gave  
 A brand new baby on the way

it was like falling deep in love  
 i heard the angels cry above  
 i felt a blessing straight from god  
 the day that you gave me a son

(chorus)

oh such tears of joy, i've never known  
 i can't remember  
 it's like a song, i've never heard  
 i've never sung, but know the words
