

Babyface - Day That You Gave Me a Son

Tom: D

Twas late december the news came
 And i got so excited, i cried all day
 And you were such a lovely, precious sight
 When i saw our baby in your eyes

 It was like falling deep in love
 I heard the angels cry above
 I felt a blessing straight from god
 The day that you gave me a son

 I called 'bout everyone i knew
 Just think, i'll be a father 'cause of you

There's no greater love than what you gave
 A brand new baby on the way

it was like falling deep in love
 i heard the angels cry above
 i felt a blessing straight from god
 the day that you gave me a son

(chorus)

oh such tears of joy, i've never known
 i can't remember
 it's like a song, i've never heard
 i've never sung, but know the words
